

## Recognizing tomorrow's leaders, today

Congratulations to the Conexus' 2019 Youth Leadership Award Recipients

Our Youth Leadership Award program recognizes member youth across the province for their leadership, community involvement and co-operative spirit. Each year, high school graduating students from across the province submit their application highlighting their contributions to be considered to receive one of up to 30 - \$500 awards offered.

We'd like to congratulate our 2019 award recipients and wish them all the best in their future endeavours.
